Cyclus is one of the most well known and accepted Environmentally Responsible sheets.

RECYCLED PAPERS

- > Cyclus Print: a modern coated, 100% recycled with natural whiteness, developed to ensure excellent image reproduction. It has a non glare surface and is recommended for printing a combination of line work and high quality imagery. Cyclus Print is suitable for sheetfed offset printing.
- > Cyclus Offset: This is a 100% recycled offset paper with an authentic surface whiteness. It has been developed for offset printing with a more neutral colour reproduction.
- > Premium Recycled: We currently use Cocoon Offset which is a top quality, 100% recycled, uncoated offset paper with excellent whiteness (CIE 150)
- > Cocoon offers an ultra smooth surface & consistent finish.
